

AD-20™ - Cleaner / Degreaser

AD-20™ is a powerful water-based formula that quickly and safely penetrates and removes grease, oil, and carbon build up. Designed to cling to surfaces, actually unlocking grease and oils so you can easily rinse with water, leaving a residue-free surface.

Biodegradable, Non-Flammable, Non-Combustible, Non-Caustic, Non Toxic (to OSHA and EPA), Non-Corrosive

Direction

- Spray AD-20™ directly onto the surface to be cleaned.
- Allow the product to penetrate.
- For tougher applications, use with a brush, fibre pad or towel and rub AD-20™ into the surface.
- Rinse or wipe to leave a clean, residue-free surface. Reapply if needed.

Contains

- No Harmful Alkalines
- No Acids
- No Phosphates
- No Butyls
- No Chlorides
- No Caustics
- No Chlorofluorocarbons

Physical Properties

- Clear liquid with a light citrus scent
